10x50 Binoculars INSTRUCTION MANUAL

Vivitar[®]

Limited One Year Warranty

Vivitar warrants this quality product to be free of defects in material and workmanship for a period of one year from the date of purchase. During the period, Vivitar will repair or replace the product at no charge for parts or labor.

TIME PERIOD OF THIS WARRANTY

The time period of this warranty starts from the date of the original purchase and expires on the first anniversary date of purchase.

WHAT IS NOT COVERED BY THIS WARRANTY

No express or implied warranty is made for any defects in this product which result from accident, abuse, misuse, failure to operate the product in accordance with relevant instructions, neglect, immersion in or exposure to chemicals or liquids, extremes of climate, fungus, excessive wear and tear/cosmetic damage and defects resulting from other extraneous causes such as unauthorised disassembly, repair or modification.

This warranty shall not extend to any incidental or consequential damages arising from the purchase, use or inability to use this product even if Vivitar has been advised of such damages. The laws of some countries and some States thereof do not allow the limitation of incidental or consequential damages, so the above limitation or exclusion may apply to you.

WHAT TO DO WHEN SERVICE IS NEEDED

STEP 1. Package the product and relevant accessories carefully, using ample padding materials and a sturdy mailing container to prevent damage in transit.

STEP 2. Include in package:

a) Evidence of date and place of original purchase (for example, a copy of your sales receipt).

b) Detailed description of your problem.

c) When possible, a sample evidencing the problem.

STEP 3. Return item (insured) to: (in the U.S.):

Vivitar

Attn: Technical Support 2D Siskin Parkway East

(in the U.K.)

Sakar UK

195 Carter Drive CV3 4PE, UK

Edison NJ 08817

When service is complete, the product will be returned to you shipping prepaid. In the event the product is deemed to be not faulty or the defect is a result in wear and tear, Vivitar may levy a handling charge for the return of the product. This warranty gives you specific legal rights. You may also have other rights which vary from country and State to State thereof. For more information visit our website www.vivitar.com

Cleaning and Maintenance

A. Your binoculars' lenses should always be capped when not in use. Only wipe with cleaning papers or cloth specifically made for optics.

B Accumulated dust should be blown off with a syringe or blower brush specifically designed for this purpose. To remove fingerprints or smears, shred the end of a lens tissue and roll it to make a swab: dampen it with a lens cleaner especially made for optics and gently wipe the surface without applying too much pressure. If necessary, repeat using a new swab. To clean, start at the center of each lens using a circular motion and working to the edge of each lens for best results.

C. When your binoculars are not in use, they should be stored in a cool dry place, or if not possible, then in a leather case with a silica gel packet, or aluminum case with polyfoam liner.
